## **STATE OFFICES TO CLOSE DUE TO INCLEMENT WEATHER CONDITIONS**

**Carson City, NV** - Due to inclement weather and dangerous road conditions reported by the Nevada Department of Transportation and Nevada Department of Public Safety in the Carson City/Reno area, Governor Sandoval has ordered all State government offices (other than essential public safety and corrections personnel) to be closed, effective at Noon today, Thursday December 24, 2015. Because the capital core offices will not be operational, offices throughout the state will be closed, regardless of weather conditions.

Employees sent home today are eligible for Administrative Leave for any hours of the employee's shift they did not work. Employees previously scheduled for Annual or Sick Leave today are not eligible for Administrative Leave due to the closure of State offices; employees that telecommute from a home office are also not eligible for Administrative Leave.
