

UPDATED GUIDANCE- Open House and In-Person Showings Guidance- Governor's Directive

By Tiffany Banks, Nevada REALTORS® General Counsel

On May 7th, Governor Sisolak announced his Phase One Roadmap to Recovery (Emergency Directive 018) which extends Directive 013 (limiting open houses) until **May 30th, 2020**. What does that mean for us and for the real estate industry as a whole? Read below to find out.

Can I do open houses beginning on May 16th for seller occupied or vacant properties?

Nothing has changed as far as the Governor's guidance on no open houses at this time. The **ONLY** thing that has changed is **his directive has been extended until May 30th**. In addition, REALTORS® should make every effort to avoid in-person transactions and services to the extent practicable. While you as a REALTOR® are still deemed an *essential service*, how you conduct yourself at this time could potentially impact that designation in the coming weeks and months. Although **one-on-one showings** are still allowed in non-tenant occupied properties, be sure to adopt precautionary measures and COVID-19 risk mitigation practices to minimize the risk of spread of the disease.

When **open house activity does resume after May 30th***, it is imperative that everyone follow proper social distancing guidelines as prescribed by the CDC including:

- Limiting the amount of people in the property at one time and limiting the amount of people to no more than 10 congregating outside the property;
- Using Strict sanitation measures, including cleaning in between potential buyers viewing the property;
- Promote frequent and thorough hand washing, including visitors with a place to wash their hands. If soap and running water are not immediately available, provide alcohol-based hand rubs containing at least 60% alcohol.
- PPE usage- Any employee, or agent of the brokerage who interacts with the general public is encouraged to wear appropriate face coverings/masks and proper PPE;
- Monitoring illness- Anyone sick, feeling sick or recently sick should stay home.

Can I do open houses beginning on May 16th for tenant occupied properties?

Open houses for tenant occupied properties continues to not be permitted until after May 30th. **There are no exceptions.** As this is a constantly evolving situation this date too may be extended by an additional Governor directive in the coming weeks so stayed tuned. In the meantime, it remains imperative that property managers and landlords consider everyone's health and safety first and achieve their marketing needs using predominantly virtual platforms.

Under this directive can a tenant refuse to allow *in person showings* of the property they are residing in? Does this only apply to tenant occupied property?

Yes. This directive regarding *in person showings* ONLY applies to properties where tenants are residing. This means that until May 30th, in-person showings are impermissible in properties where tenants are residing.

Can the tenant agree to take pictures of the property and send to seller for a virtual tour?

Yes, if the tenant agrees, the tenant can take pictures, videos or other virtual access and send them to the property owner. The tenant cannot be forced or coerced into taking these pictures and videos. The REALTOR® can then create a virtual tour that can be used to market the property. This means that when marketing the property, you as a REALTOR® can use three-dimensional interactive property scans, virtual tours, and virtual staging to showcase a property.

Do you anticipate closings and signings to be delayed in the coming weeks?

Brokers and agents are encouraged to use e-notary processing for all transactions moving forward. All efforts should be made to ensure that fraudulent activities do not occur utilizing the e-notary systems. It is strongly encouraged that all parties work closely at this time on innovative ways to keep transactions closing as required in the real estate contract.

Please keep following Nevada REALTORS'® updates through our Facebook page, e-news and on our website under our COVID-19 tab. We will be updating articles as updates become available. *If the May 30th date gets extended*, we will be sure and let you know.* We are continuing to work on issues that impact our members and their clients.
