# Policy 01-1

The Master Association and each sub-association must complete a registration form, provided by the Ombudsman.

The sub-association's Ombudsman fees are due on the annual renewal date of the Master Association. (See Policy 01-2)

The Ombudsman's database will reflect the Secretary of State's file date of the sub-association and the renewal date of the Master Association.

Master associations unit count may include sub-association(s) with 12 units or less. The NRS 116 covers those sub-associations under a Master association.
