VIII. Describe and document how each module of instruction has: a) At least one learning objective.
b) A structured learning method to enable the student to achieve the learning objective.
c) A method of assessment of the student's performance during instruction.
e) A method of assessment of the student's performance during instruction.
d) A method of remediation if student is deficient in mastering the course material to repeat the course until the student understands.
e) A complete syllabus or student instruction manual (or both) provided in written form which includes accurate and clearly stated information about admissions, progression, completion, criteria, dismissal and any applicable licensing requirements.

APPLICATION FOR SECURE ELECTRONIC METHOD OF ADMINISTERING FINAL EXAM FOR DISTANCE EDUCATION COURSES

<u>NAC 645.412</u> requires a closed book final examination. <u>NAC 645.443</u> allows for a written final examination to be administered by a secure electronic method in lieu of a proctored exam.

Describe your proposal for administering testing in electronic format. Your proposal should detail the procedures, methods and components you plan to utilize to secure the electronic format and the test security to assure that the person testing is the student.
Describe the elements and procedures you plan to utilize in grading the exam. Describe how the student will be notified of a pass or fail grade. What will be necessary for the student to re-test?

Provide copies of exam(s) and answer key(s) NAC 645.403.9.
