## **OWNER-DEVELOPER APPLICATION**

### **General Information**

"Owner-Developer" means a person, natural or artificial, who owns five or more lots within a recorded subdivision or shown on an approved parcel map, on each of which there is a single family residence not previously sold. For the purposes of this definition, the single family residence includes a condominium or townhouse unit.

"Sales Manager" means the duly authorized person filing the application form who will be responsible for sales management.

If, for any reason, the Division denies an application, the applicant may appeal the decision. The Division shall have broad discretion in granting or denying an application in view of the difficulty in securing evidence of bad reputation or of specific instances of fraudulent or unethical conduct.

Licensed real estate salesmen employed by a registered owner-developer may not be associated with a real estate broker during the same time period.

### **Instructions to Applicants for Owner-Developer Registration**
