POINTS AND AUTHORITIES 1 2 **INTRODUCTION** I. Mr. Witherby moves for reconsideration of the Commission's 3 October 10, 2023 Order to ask the Commission to reconsider the revocation of his 4 5 expired appraiser's license and \$63,897.22 fine. Mr. Witherby does not dispute the Commission's authority to issue an order upon default against him under 6 NAC 645C.500(13). Mr. Witherby simply asks for reconsideration of the severity 7 of the disciplinary action imposed pursuant to the Commission's discretion under 8 NRS 645C.460(2). 9 10 II. FACTUAL BACKGROUND 11 A. The Underlying Complaint. The Division filed a complaint against Mr. Witherby on May 19, 2023 12 for case no. 2020-492, AP21.045.S alleging violations of his duties as an appraiser 13 14 under NRS 645C. See Ex. 1, Complaint. The complaint alleges "[t]he Respondent's Appraisal Report appraised for \$300,000 which was less than the Property sold for 15 two years prior at \$310,000." Id. at \P 13. Absent from the complaint is any 16 allegation of harm as a result of the violations. See generally id. The appraisal report 17 confirms the contract for the sale of the property was dated March 20, 2020 for a 18 19 sale price of \$300,000. Ex. 2, Appraisal Report at 1.(NRED ROA 018-24). Mr. 20 Witherby's appraisal of the property was for \$300,000 on March 31, 2020. Id. at 2. According to the appraisal report, "the intended use of this appraisal report is for the 21 lender/client to evaluate the property that is the subject of this appraisal for a 22 mortgage finance transaction." Id. at 4. Therefore, the appraisal report did not cause 23 24 any harm to any party to the sale of the property.

The Administrative Proceeding

The complaint was set to be heard by the Commission at its meeting on July 18–20, 2023. In response to the Complaint, on May 30, 2023, Mr. Witherby represented to the Division that he had turned in his license in May 2021 and did not intend to reactivate it in Nevada. A few days prior, the Division had presented confidential settlement terms to Mr. Witherby which he rejected and contested the case against him.

As a result of the contested case proceeding, Mr. Witherby notified OREP, his errors and omissions insurance, of the pending case. On July 12, 2023, the Division subsequently sent Mr. Witherby the final agenda for the meeting. On July 13, 2023, Craig M. Capilla, national claims counsel for OREP insureds requested a continuance on Mr. Witherby's behalf because he was in the process of vetting the claims and assigning local counsel to represent him. The Division agreed to the continuance because it was the first request to continue.

On August 30, 2023, the Division sent a notice to Mr. Witherby for the 15 16 October Commission meeting. Unfortunately for Mr. Witherby, about a week before the October hearing he still had not heard from Mr. Capilla about local counsel for 17 18 the hearing. Ex. 3, Witherby Decl. at ¶ 12. When Mr. Witherby followed up, Mr. 19 Capilla responded that he was busy and forgot but that an attorney would call Mr. 20 Witherby to help him. *Id.* at ¶ 13. The attorney Mr. Witherby spoke to advised that 21 she could not prepare his case in one week and stated the only thing he could do was 22 travel to Las Vegas, but Mr. Witherby could not attend in person due to the cost and his father's health at the time. *Id.* at ¶¶ 14–15. The attorney also strongly advised 23

against appearing at the hearing remotely by calling in. *Id.* at ¶ 16. Based on this
 advice, Mr. Witherby did not appear remotely at the October 3, 2023 hearing.

3

C. The Commission's October 10, 2023 Order

The Commission entered a default against Mr. Witherby for his failure to appear at the October 3, 2023 hearing. In it's October 10, 2023 written Order, the Commission revoked Mr. Witherby's appraiser license and imposed the maximum fine (\$10,000) for each alleged violation in addition to costs for a total fine of \$63,897.22. Ex. 4, October 10, 2023 Order. At the time of the October 3, 2023 hearing, Mr. Witherby's license had already been expired for over a year meaning he could not have reinstated it. *See* Ex. 5, Transcript at WIT00020:16–22.

23

24

A. The Commission Should Reconsider the Revocation of Mr. Witherby's Expired Appraiser's License and the \$63,897.22 Fine In Its' October 10, 2023 Order.

A party may move for reconsideration of an agency's decision under
NRS 233B. 130(4). NRS 233B.130(4) provides that a petition for rehearing or
reconsideration must be filed within 15 days after the date of service of the final
decision. An order granting or denying the petition must be served on all parties at
least 5 days before the expiration of the time for filing the petition for judicial review.
If the petition is granted, the subsequent order shall be deemed the final order for the
purpose of judicial review.

Mr. Witherby asks that the Commission consider this untimely request for reconsideration of the severity of the disciplinary action imposed in the

KAEMPFER CROWELL

1	October 10, 2023 Order in light of the significant hardship Mr. Witherby has
2	suffered as a result of the Order. The harm is described below in section 2.
3	1. The Commission has discretion to impose a less severe punishment.
4	Under NRS 645C.460(2), if the grounds for disciplinary action against
5	an appraiser or intern exist, the Commission may do one or more of the following:
6	(a) Revoke or suspend the appraiser's or intern's certificate, license or
7	registration card. (b) Place conditions upon his or her certificate, license or registration
8	card, or upon the reissuance of a certificate, license or registration card revoked pursuant to this section.
9	(c) Deny the renewal of his or her certificate, license or registration card.
10	(d) Impose a fine of not more than \$10,000 for each violation.
11	See NRS 645C.460(2) (emphasis added).
12	Here, Mr. Witherby asks for reconsideration of the Commission's
13	imposition of a \$63,897.22 fine and revocation of his already expired appraiser's
14	license based on the Commission's discretion to impose a less severe punishment in
15	light of the lack of harm to the public as a result of the alleged violations in the
16	Division's complaint and the significant harm Mr. Witherby has already suffered.
17	2. Mr. Witherby has suffered significant harm as a result of the
18	Commission's October 10, 2023 Order.
19	Mr. Witherby has suffered significant harm as a result of the
20	Revocation Order based on the significant impacts it has had on his ability to make
21	a living. He cannot be hired as a real estate appraiser in Florida, where he resides,
22	nor can he pursue his livelihood in any of the 50 United States. The revocation of
23	his already expired Nevada expired license is depriving him of his livelihood and
24 KAEMPFER	ability to make a living. The Nevada revocation prevents him from being hired as

an appraiser because the revocation has been recorded in the national database
 ASC.gov, which every lender checks prior to hiring an appraiser. Given this record,
 Mr. Witherby is not being hired as an appraiser. Additionally, Mr. Witherby has
 already been denied the ability to become an insurance adjuster in Florida due to the
 Nevada revocation. Ex. 6, Notice of Denial.

Mr. Witherby will imminently suffer more harm because the Florida 6 7 Real Estate Appraisal Board will soon revoke his Florida license based on the 8 Nevada Revocation Order. See Ex. 7, Florida Admin. Complaint. In addition to all of this, the Division is requiring a \$63,897.22 fine. If Mr. Witherby is forced to pay 9 10 this large fine, he will suffer significant financial harm as he cannot afford the fine and will be sent to collections. This will devastate his credit while he is struggling 11 financially without the ability to make a living as an appraiser or insurance adjuster. 12 Therefore, Mr. Witherby has suffered significant harm and will imminently suffer 13 14 further harm as result of the severity of the punishment in the Commission's October 10, 2023 Order. 15

VIOLATIONS OF LAW

The Respondent failed to prepare the appraisal report for the Property in Compliance with the Standards of the Appraisal Foundation and the law. The Standards are published in the Uniform Standards of Professional Appraisal Practice ("USPAP") adopted by the Appraisal Standards Board of the Appraisal Foundation, as authorized by Congress, and adopted in Nevada by NAC 645C.400(1).

First Violation

The USPAP RECORD KEEPING RULE requires an appraiser must prepare a workfile for each appraisal or appraisal review assignment. A workfile must be in existence prior to the issuance of any report or other communication of assignment results. A written summary of an oral report must be added to the workfile within a

reasonable time after the issuance of the oral report. The workfile must include all other
 data, information, and documentation necessary to support the appraiser's opinions and
 conclusions and to show compliance with USPAP, or references to the location(s) of such
 other data, information, and documentation.

The Respondent violated USPAP RECORD KEEPING RULE by failing to include statistical analysis to support the adjustments made in the sales grid within the Appraisal Report or workfile.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

Second Violation

USPAP Standards Rule 1-1(c) requires that an appraiser in developing a real property appraisal must (c) not render appraisal services in a careless or negligent manner, such as by making a series of errors that, although individually might not significantly affect the results of an appraisal, in the aggregate affects the credibility of those results.

Respondent violated Standards Rule 1-1(c) by failing to contain documentation to support the \$25,000 adjustment for Comparable #2's upgraded features.

Respondent further violated Standards Rule 1-1(c) by failing to adjust for differing builders in the Appraisal Report when Comparables #s 1, 2, and 3 are Toll Brother built units, and Comparables #s 4, 5, and 6 are KB Homes built units.

Respondent also violated Standards Rule 1-1(c) by failing to use more than just one end-unit comparable, Comparable #2, and failing to make adjustments to the other nonend-unit comparables, Comparables #s 1, 3, 4, 5, and 6.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

 Π

Third Violation

USPAP Standards Rule 1-2(c) required an appraiser, in developing a real property appraisal, must (c) not render appraisal services in a careless or negligent manner, such as by making a series of errors that, although individually might not significantly affect the results of an appraisal, in the aggregate affects the credibility of those results.

The Respondent violated Standards Rule 1-2(c) by failing to provide support for the opinion that seller concessions of 3% or less do not affect pricing and failing to update the boiler plate Definition of Value language stating "the seller pays these costs in virtually all sales transactions" which contradicted his opinion that there were seller concessions.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

Fourth Violation

USPAP Standards Rule 1-5(b) provides that when the value opinion to be developed is market value, an appraiser must, if such information is available to the appraiser in the normal course of business: (b) analyze all sales of the subject property that occurred within the three (3) years prior to the effective date of the appraisal.

Respondent violated Standards Rule 1.5(b) by failing to report or analyze the publicly recorded prior sale of the Property which occurred June 21, 2018, for \$310,000, less than two (2) years prior to the effective date of the Appraisal Report.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

Fifth Violation

25USPAP Standards Rule 2-1(a) requires each written or oral real property appraisal report must: (a) clearly and accurately set forth the appraisal in a manner that will not be misleading.

111 28

26

In violation of Standards Rule 2-1(a), Respondent failed to change his Definition of Value to match his opinion that there were seller concessions, even if under 3% of the sale price.

Respondent also violated Standards Rule 2-1(a) when he made a series of errors which in their aggregate can mislead the intended user, specifically, when Respondent failed to support the \$25,000 adjustment for Comparable #2's upgraded features; failed to adjust for differing builders; used only one end-unit comparable, Comparable #2, and failed to make adjustments to the other non-end-unit comparables.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

Sixth Violation

USPAP Standards Rule 2-2(a)(x) requires each written real property appraisal report must be prepared under one of the following options and prominently state which option is used: Appraisal Report or Restricted Appraisal Report. (a) The content of an Appraisal Report must be appropriate for the intended use of the appraisal and, at a minimum (x) provide sufficient information to indicate that the appraiser complied with the requirements of STANDARD 1 by: (1) summarizing the appraisal methods and techniques employed; (2) stating the reasons for excluding the sales comparison, cost, or income approach(es) if any have not been developed; (3) summarizing the results of analyzing the subject sales, agreements of sale, options, and listings in accordance with Standards Rule 1-5; [Comment: If such information is unobtainable, a statement on the efforts undertaken by the appraiser to obtain the information is required. If such information is irrelevant, a statement acknowledging the existence of the information and citing its lack of relevance is required.]; (4) stating the value opinion(s) and conclusion(s); and (5) summarizing the information analyzed and the reasoning that supports the analyses, opinions, and conclusions, including reconciliation of the data and approaches. ///

Respondent violated Standards Rule 2-2(a)(x) by failing to analyze the previous sale in the Appraisal Report.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

DISCIPLINE AUTHORIZED

1. Pursuant to NRS 645C.460(2), if grounds for disciplinary action against an appraiser are found to exist for unprofessional conduct, the Commission may revoke or suspend the certificate, place conditions upon the certificate, deny the renewal of his or her certificate, and/or impose a fine up to \$10,000.00 per violation.

2. Additionally, under NRS 622.400, the Commission is authorized to impose the costs of the proceeding upon the Respondent, including investigative costs and attorney's fees, if the Commission otherwise imposes discipline on the Respondent.

3. Therefore, the Division requests the Commission to impose such discipline as it determines is appropriate under the circumstances and to award the Division its costs and attorney's fees for this proceeding.

PLEASE TAKE NOTICE that a disciplinary hearing has been set to consider this Administrative Complaint against the above-named Respondent in accordance with Chapter 233B and Chapter 645C of the Nevada Revised Statutes and Chapter 645C of the Nevada Administrative Code.

THE HEARING WILL TAKE PLACE at the Commission meeting scheduled for July 18- 20, 2023, beginning at approximately 9:00 a.m. each day, or until such time as the Commission concludes its business. Form 1004LIAD - "TOTAL" appraisal software by a la mode, inc. - 1-800-ALAMODE

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by faw or those related to the appraise? s continuing education or membership in an appraisal organization, are permitted.

SCUPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of true from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both partles are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. doffars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions" granted by enyone associated with the sale.

"Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales barrsactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party instructional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a machanical dollar for dollar cost of the financing or concession but the dollar amount ot any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

EXHIBIT 3 Declaration of Thomas Witherby

AFFIDAVIT OF THOMAS L. WITHERBY IN SUPPORT OF 1 **MOTION TO STAY ENFORCEMENT OF REVOCATION ORDER** 2 I, Thomas L. Witherby, attest as follows in support of the Motion to Stay 3 Enforcement of Revocation Order: 4 1. I am the Plaintiff and am familiar with the events that form the basis of the 5 allegations in this case. 6 I currently live in the state of Florida having recently moved to care for my 2. 7 ailing parents. I have practiced as an appraiser in Nevada since 1993 and have had a 8 clean record for 30 years, with the exception of this complaint. 9 3. A filed a complaint was filed against me on May 19, 2023. 10 The complaint was set to be heard by the Commission at its meeting on July 4. 11 18-20, 2023. 12 5. On May 30, 2023, I represented to the Division that I had turned in my license 13 in May of 2021 and did not intend to reactivate it in Nevada. 14 The Division presented confidential settlement terms to me which I rejected 6. 15 and contested the case against me because I did not believe the complaint was an 16 accurate reflection of the situation. 17 In lieu of engaging in lengthy proceedings and in light of my parents situation 7. 18 in Florida, I offered to voluntarily surrender my license. 19 8. As a result of the contested case proceeding, I notified OREP, my errors and 20 omissions insurance company, of the pending case. 21 9. On July 12, 2023, the Division sent me the final agenda for the meeting. 22 10. On July 13, 2023, Craig M. Capilla, national claims counsel for OREP 23 insureds, requested a continuance on my behalf because he was in the process of 24 KAEMPEER

CROWELL

1	reviewing the claims and assigning local counsel to represent me, which never					
2	happened.					
3	11. On July 14, 2023, the Commission's secretary approved the request for					
4	continuance and set the hearing for the October Commission meeting.					
5	12. A week before the October hearing, I had still not heard from Mr. Capilla					
6	about local counsel for the hearing and so I called him.					
7	13. Mr. Capilla relayed that he was busy and forgot but had an attorney call me.					
8	14. The attorney I spoke to advised that she could not prepare my case in one					
9	week so the only thing I could do was travel to Las Vegas to beg for my license.					
10	15. I could not afford to travel to Las Vegas at the time and my father's health					
11	was failing so I relayed that I would call in to the October hearing.					
12	16. The attorney strongly advised against calling in.					
13	17. On October 10, 2023, the Commission entered the Revocation Order which					
14	revoked my license and ordered me to pay the maximum amount of fines and costs					
15	for a total of \$63,897.22.					
16	18. None of the claims against me are based in fraud or dishonesty or a means for					
17	me to benefit financially nor was there any intent on my part to deceive anyone. By					
18	way of history, I prepared the Appraisal in early 2020 and the agent for the buyer,					
19	(who is not even an intended user of the report) filed the complaint.					
20	19. The complaint stated several untrue things. The division opened an					
21	investigation because of it and I made my written rebuttal to the complaint.					
22	20. The Complaint alleges 3 general things: First, I failed to report a prior sales					
23	history of the subject property (by law I am required to report sales history of last 3					
24 ER	years but didn't). I self-reported this to the division, pointing it out before the					
.].	3667930_1 19817.3 Page 2 of 6					

KAI-MPFER CROWELL investigation began. Second, the division's software indicated one of my
 adjustments was off on a couple of counts. Third, a recordkeeping issue: there was
 no linear regression in the work file but the report stated there was, which was an
 error.

5 21. None of these violations would have changed the value of the property as
assessed. In fact, my report included 58 comparable properties in the file in support
of the property's value – which was a townhouse appraisal in Inspirada.

8 22. No where in the Complaint does it say I was incorrect or dishonest about the 9 property value. The Complaint's allegations are based primarily in file-keeping 10 issues, none of which were intentional and none of which impacted the ultimate 11 conclusion of the report.

12 23. The Complaint does not infer I was dishonest, intentionally manipulated
13 anything, nor did I. The complaint is based in clerical and housekeeping issues for
14 an appraisal file.

15 24. I have had my livelihood stripped and license revoked, along with crippling
16 fines as a result of an otherwise clean record.

The state infers prior disclipline but cites to two prior instances - neither of
which are "discipline": 1) Case number 2017-2344, AP18.004.S: case closed
insufficient evidence of a violation. And, 2) Case number 2018-738, AP18.025-S, a
letter of instruction was sent to the respondent on work file issues. Neither of these
is disclipline.

22 26. In my 30 years of practice as an appraiser, I have never been disciplined.
23 27. The impact on my household for the extreme penalties and revocation has
24 been grave: I just completed taxes which reflect that my wife and I have lost tens of

KAEMPFER CROWELL

1	thousands of dollars in income as a result of the revocation. I received no work the
2	last 3 months of 2023 and the income deficit continues in to 2024.
3	28. Since 1993 there has been no discipline against me. However, the violation
4	has dramatically impacted my life. The discipline is on record at ASC.gov which
5	every lender has to check to make sure appraisers aren't on the list. Disciplinary
6	action on my Nevada appraiser's license is preventing me from working.
7	29. Over the past year, I took a class to become an insurance appraiser, passed the
8	test and am wanting to pursue this career. I am not able to pursue this career because
9	of disciplinary action on the license.
10	30. I understand that there is a reciprocal agreement between states that
11	administrative action in one state applies to every state which is why I cannot
12	practice under my insurance adjuster license.
13	31. Right now, I am living off credit cards. In the least, I need to work to pay the
14	fees.
15	32. Further, the division revoked a license that was expired and inactive and they
16	nonetheless revoked it which is a punishment and disciplinary in and of itself, on top
17	of the massive fines.
18	33. According to the Division, they served the Revocation Order on my "agent"
19	on October 16, 2023 in Chicago; however, I never received a mailed copy of the
20	Order from the Board or Division.
21	34. Additionally, I never received a copy of the order at my home address in
22	Florida. I found out through a client, after the deadline to respond to the order had
23	passed, that I had a disciplinary action noted on my record. This prompted me to
24 R	retain my current counsel.

1	35.	Further, I did not have an "agent" at any point during these proceedings until			
2	I retained Kaempfer Crowell on or about January 4, 2024.				
3	36.	It was made clear to the division, in writing, that I was still searching for			
4	coun	sel.			
5	37.	I currently still hold an appraiser license in Florida but the record of discipline			
6	in the	e database prevents me from practicing as an appraiser or as an insurance agent.			
7	38.	After the Order was entered against me, my longtime clients couldn't use me.			
8	In fa	ct, my biggest client has stopped sending me any orders since October 2022.			
9	39.	I have lost my ability to make a living.			
10	40.	As a result, my wife and I had to file for social security benefits to make ends			
11	meet				
12	41.	I applied and took a course to be an insurance adjuster in Florida, but I was			
13	denie	ed a license due to this action in Nevada.			
14	42.	I was advised that I would not be issued an adjuster license in Florida because			
15	the s	tates have a reciprocal agreement for punishment of any license. I was also			
16	advis	sed that I would likely not be able to renew my appraiser license in November.			
17	43.	I am currently doing very minimal work with my license as a result of this			
18	case	which is not enough to make ends meet.			
19		I declare that the foregoing is true and correct.

Revocation Order, dated October 10, 2023

:						
1	BEFORE THE COMMISSION OF APPRAISERS OF REAL ESTATE					
2	STATE OF NEVADA					
3	SHARATH CHANDRA, Administrator, REAL ESTATE DIVISION,					
4	DEPARTMENT OF BUSINESS & INDUSTRY, Case No. 2020-492, AP20.045.S					
5	Petitioner,					
6						
7						
8	THOMAS L. WITHERBY (License No. A.0001528-CR),					
9	Respondent.					
10						
11	FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER					
12	This matter came on for hearing before the Nevada Commission of Appraisers of Real Estate (the					
13	"Commission"), on Tuesday, October 3, 2023 (the "Hearing"). Thomas L. Witherby ("Respondent") did					
14	not appear in person, through counsel, or otherwise. Christal Park Keegan, Esq., Deputy Attorney					
15	General with the Nevada Attorney General's Office, appeared on behalf of Petitioner Sharath Chandra,					
16	Administrator of the Real Estate Division, Depart	ment of Business and Industry. State of Nevada				
17	(the "Division").					
18	Mrs. Keegan advised the Commission that RESPONDENT was aware of his attendance at the					
19	hearing, and that his hearing was scheduled for the	July 18-20, 2023 hearings, but the RESPONDENT				
20	requested a continuunce, which the Commission gran	ted. The Division sent the RESPONDENT Meeting				
21	Re-Notices no later than 30 days prior to the Octob	er 3-5, 2023 hearings. The RESPONDENT never				
22	filed an Answer as part of the record in the proceeding	ngs and did not ask for a second continuance.				
23	Therefore, the Division proceeded with a defa	ult pursuant to NAC 645C.500(13). The Division's				
24	Commission Coordinator, Maria Gallo, testified reg	garding proper notice to the RESPONDENT. The				
25	Commission found appropriate service of the notice	of the hearing, the complaint and notice thereof, the				
26	Notice of Documents with documents numbered 00	01 0364 was made, and all other efforts taken to				
27	inform the RESPONDENT of the matter before the	Commission.

1Therefore, the Commission, having considered the evidence introduced by the Division and being2fully advised, enters the following Findings of Fact, Conclusions of Law, and Order:

3

I.

JURISDICTION

At all times relevant to this Complaint, the Respondent was a Certified Residential Appraiser blicensed by the Division, and therefore, is subject to the Jurisdiction of the Division and the provisions of NRS and NAC Chapter 645C. By availing himself of the benefits and protections of the laws of the State of Nevada, the Respondent has submitted to the jurisdiction of the Division.

8 II. FINDINGS OF FACT

9 The matter having been submitted for decision based upon the allegations of the Complaint, the
10 Commission now, based upon the evidence presented during the hearing, finds that there is substantial
11 evidence in the record to establish each of the following:

The Respondent's Nevada Certified Residential Appraiser, License No. A.0001528-CR,
 has been in closed, expired status for over a year as of March 31, 2022.

14 2. The Respondent prepared an Appraisal Report for 3183 Mura Del Prato, Henderson,
15 Nevada 89044 ("Property"). 0057 - 0103.

3. The Respondent's Appraisal Report represented use of linear regression modules to
support the adjustments made in the sales grid but admitted lack of understanding of how to properly
complete a linear regression. 0067.

Further, the Respondent's Appraisal Report and workfile do not contain statistical analysis.
to support the adjustments made in the sales grid. 0057 - 0329.

21 i
 5. The Complainant alleged the Respondent failed to support adjustments made for upgraded
 22 features. 0002.

6. The Respondent's Appraisal Report and workfile failed to support the \$25,000 adjustment
made to Comparable Sale #2's upgraded features. 0059.

7. The Complainant alleged homes built by Toll Brothers are premium but the Respondent
failed to note such benefit for Comparables #s 1-3 built by Toll Brothers. 0002.

27

28 ||...

Page 2 of 7

8. The Respondent's Appraisal Report did not make adjustments for differing builders
 when data indicates a resale townhome built by Toll Brothers commands a higher premium.
 0059, 0064, and 0343.

4 9. The Complainant alleged the RESPONDENT misrepresented Comparables #s 1, 3, 4, 5,
5 and 6 as end-units and made no adjustments or comments about the impact of this feature. 0002.

6 10. The Property is an end-unit townhome but the Respondent's Appraisal Report contained
7 only one end-unit comparable, Comparable #2, with no adjustments made to the other non-end-unit
8 comparables. 0059 and 0064.

9 11. The Respondent's Appraisal Report and workfile provided no evidence to
10 support the opinion that seller concessions do not affect pricing, even if under 3% of the sales price.
11 0067, and 0057 0329.

1212.The Respondent's Appraisal Report failed to report and analyze a prior sale of the Property1314 that occurred within the prior three years despite such information publicly recorded. 0350.

14 13. The Respondent's Appraisal Report appraised for \$300,000 which was less than what the
15 Property sold for two years prior at \$310,000. 0350, and 0063.

16 **III**.

II. CONCLUSIONS OF LAW

17 The Commission, based upon the preponderance of the evidence, makes the following18 legal conclusions:

The Respondent failed to prepare the appraisal report for the Property in Compliance with the
Standards of the Appraisal Foundation and the law. The Standards are published in the Uniform
Standards of Professional Appraisal Practice ("USPAP") adopted by the Appraisal Standards Board of
the Appraisal Foundation, as authorized by Congress, and adopted in Nevada by NAC 645C.400(1)¹.

23

First Violation

The USPAP RECORD KEEPING RULE requires an appraiser must prepare a workfile for each appraisal or appraisal review assignment. A workfile must be in existence prior to the issuance of any report or other communication of assignment results. A written summary of an oral report must be added

27

²⁸ The 2020-2021 edition of USPAP, effective January 1, 2020 through December 31, 2021, is applicable to and utilized for this Complaint.

to the workfile within a reasonable time after the issuance of the oral report. The workfile must include
 all other data, information, and documentation necessary to support the appraiser's opinions and
 conclusions and to show compliance with USPAP, or references to the location(s) of such other data,
 information, and documentation.

The Respondent violated USPAP RECORD KEEPING RULE by failing to include statistical
analysis to support the adjustments made in the sales grid within the Appraisal Report or workfile.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as
determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a)
and/or (b).

10

Second Violation

USPAP Standards Rule 1-1(c) requires that an appraiser in developing a real property appraisal
 must (c) not render appraisal services in a carcless or negligent manner, such as by making a series of
 errors that, although individually might not significantly affect the results of an appraisal, in the aggregate
 affects the credibility of those results.

Respondent violated Standards Rule 1-1(c) by failing to contain documentation to support the
S25.000 adjustment for Comparable #2's upgraded features.

17 Respondent further violated Standards Rule 1-1(c) by failing to adjust for differing builders in the
18 Appraisal Report when Comparables #s 1, 2, and 3 are Toll Brother built units, and Comparables #s 4, 5,
19 and 6 are KB Homes built units.

Respondent also violated Standards Rule 1-1(c) by failing to use more than just one end-unit
comparable, Comparable #2, and failing to make adjustments to the other non-end-unit comparables,
Comparables #s 1, 3, 4, 5, and 6.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2),
as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to
NRS 645C.460(1)(a) and/or (b).

26

Third Violation

USPAP Standards Rule 1-2(c) required an appraiser, in developing a real property appraisal, must
 (c) not render appraisal services in a careless or negligent manner, such as by making a series of errors

Page 4 of 7

that, although individually might not significantly affect the results of an appraisal, in the aggregate
 affects the credibility of those results.

The Respondent violated Standards Rule 1-2(c) by failing to provide support for the opinion that
seller concessions of 3% or less do not affect pricing and failing to update the boiler plate Definition of
Value language stating "the seller pays these costs in virtually all sales transactions" which contradicted
his opinion that there were seller concessions.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2),
as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to
NRS 645C.460(1)(a) and/or (b).

10

Fourth Violation

USPAP Standards Rule 1-5(b) provides that when the value opinion to be developed is market
value, an appraiser must, if such information is available to the appraiser in the normal course of business:
(b) analyze all sales of the subject property that occurred within the three (3) years prior to the effective
date of the appraisal.

Respondent violated Standards Rule 1-5(b) by failing to report or analyze the publicly recorded
prior sale of the Property which occurred June 21, 2018, for \$310,000, less than two (2) years prior to the
effective date of the Appraisal Report.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as
determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a)
and/or (b).

21

Fifth Violation

USPAP Standards Rule 2-1(a) requires each written or oral real property appraisal report must;
(a) clearly and accurately set forth the appraisal in a manner that will not be misleading.

In violation of Standards Rule 2-1(a), Respondent failed to change his Definition of Value to
match his opinion that there were seller concessions, even if under 3% of the sale price.

Respondent also violated Standards Rule 2-1(a) when he made a series of errors which in their aggregate can mislead the intended user, specifically, when Respondent failed to support the \$25,000 adjustment for Comparable #2's upgraded features; failed to adjust for differing builders; used only one end-unit comparable, Comparable #2, and failed to make adjustments to the other
 non-end-unit comparables.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and (2) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

6

Sixth Violation

7 USPAP Standards Rule 2-2(a)(x) requires each written real property appraisal report must be 8 prepared under one of the following options and prominently state which option is used: Appraisal 9 Report or Restricted Appraisal Report. (a) The content of an Appraisal Report must be appropriate for 10 the intended use of the appraisal and, at a minimum (x) provide sufficient information to indicate that the 11 appraiser complied with the requirements of STANDARD 1 by: (1) summarizing the appraisal methods 12and techniques employed; (2) stating the reasons for excluding the sales comparison, cost, or income 13 approach(es) if any have not been developed; (3) summarizing the results of analyzing the subject sales, 14 agreements of sale, options, and listings in accordance with Standards Rule 1-5; [Comment: If such 15 information is unobtainable, a statement on the efforts undertaken by the appraiser to obtain the 16 information is required. If such information is irrelevant, a statement acknowledging the existence of the 17 information and citing its lack of relevance is required.]: (4) stating the value opinion(s) and 18conclusion(s); and (5) summarizing the information analyzed and the reasoning that supports the 19 analyses, opinions, and conclusions, including reconciliation of the data and approaches.

Respondent violated Standards Rule 2-2(a)(x) by failing to analyze the previous safe in the
 Appraisal Report.

The Respondent's actions constitute unprofessional conduct pursuant to NRS 645C.470(2), as determined by NAC 645C.405(1) and grounds for disciplinary action pursuant to NRS 645C.460(1)(a) and/or (b).

26 The Commission, being fully apprised in the premises and good cause appearing, 27 hereby ORDERS:

APPR CARE Commission Meeting - October 3, 2023 16 1 JOHN WRIGHT: Do I have a second? SCOTT KRUEGER: A second. 2 3 JOHN WRIGHT: Any discussion? All in favor? COMMISSION: Aye. 4 5 JOHN WRIGHT: Opposed? So the motion carries unanimously. Okay, now we're going to move on to the 6 7 motion regarding proper service for the complaint. SCOTT KRUEGER: I have a question for Ms. Gallo. 8 9 JOHN WRIGHT: Go ahead Commissioner Krueger. 10 SCOTT KRUEGER: So, do we have the last known 11 address of where these documents were sent to? 12 MARIA GALLO: Yes. 13 SCOTT KRUEGER: And what is that? 14 MARIA GALLO: 5921 North, Glam Drive, Beverly 15 Hills, Florida 34465. 16 JOHN WRIGHT: So, a question for you, because 17 there was legal counsel involved, was legal counsel noticed? 18 19 MARIA GALLO: It wasn't his legal counsel per se, 20 he was the attorney contact for his insurance, and he told 21 us that a local attorney was going to be appointed for 22 him. So in your question, yes, he was also noticed, but 23 he's not his lawyer okay per se. 24 JOHN WRIGHT: Okay, so all of the contacts you 25 have for this case on his side were noticed?

22

MARIA GALLO: Yes.

SCOTT KRUEGER: President Wright, if we could
defer to Ms. Keegan for a minute please.

JOHN WRIGHT: Yes, go ahead.

5 CHRISTAL KEEGAN: Thank you, Commissioners. Yeah, just to clarify, when we first noticed the 6 7 respondent, Mr. Thomas Witherby, he did not have legal counsel, and so, these notices were sent to him at his 8 9 personal residence. He then retained legal counsel 10 through his insurance company, and his attorney confirmed 11 that the respondent provided the documents that were sent 12 to the Respondent to his attorney, so just wanted to 13 clarify that.

14 JOHN WRIGHT: Do we know who his local counsel 15 was, though?

16 CHRISTAL KEEGAN: No, we do not. He had an 17 attorney, through his insurance, who said that local 18 counsel was -- the case was going to be deferred, but we 19 followed up, and did not hear anything. No local counsel 20 has made any formal appearance or made themselves known to 21 the Division, nor to the State.

JOHN WRIGHT: Okay, thank you.

SCOTT KRUEGER: And just to clarify, Ms. Keegan,
if counsel was assigned and they recused or left the case,
it would be typical professional courtesy to notify you

APPR CARE Commission Meeting - October 3, 2023 18 1 that they were leaving the case, correct? CHRISTAL KEEGAN: Yes. 2 3 SCOTT KRUEGER: Okay. CHRISTAL KEEGAN: Alright, so I guess unless 4 5 there's any further questions, we can just proceed as far as a default here, pursuant to NAC.645C.513. 6 7 JOHN WRIGHT: Excuse me, Ms. Keegan, we still need a motion to admit proof of service. 8 9 UNKNOWN SPEAKER: President Wright, I move that 10 we accept the direct testimony of Maria Gallo, State of 11 Nevada, as direct evidence of proof of service to the 12 defendant. 13 JOHN WRIGHT: Do I have a second? 14 SCOTT KRUEGER: I second. 15 JOHN WRIGHT: Any further discussion? All in 16 favor. 17 COMMISSION: Aye. 18 JOHN WRIGHT: Opposed? That motion carries 19 unanimously. Okay, Ms. Keegan, if you would proceed, 20 please. CHRISTAL KEEGAN: Yes, thank you Commissioner, 21 22 unless the Commissioners wish for me to read the filed 23 complaint, otherwise, pursuant to NAC.645C.513, the Commission can just accept as true the factual allegations 24 25 and legal violations in the Division's filed complaint.

WIT00018

APPR CARE Commission Meeting - October 3, 2023 19

1	Since it's part of the record, so you can now make a						
2	motion, to find to accept the factual allegations and						
3	legal violations in our filed complaint, please.						
4	TIMOTHY O'BRIEN: President Wright, I'd like to						
5	pose a question before we make a decision on that, if I						
6	could, probably to Ms. Keegan and Ms. Staffen, what is the						
7	current license status of Mr. Witherby in the State of						
8	Nevada?						
9	CHRISTY STAFFEN: He expired on March 31st, 2022.						
10	TIMOTHY O'BRIEN: So, by expiration, for						
11	clarification, just for the record, he is still						
12	technically able to renew, correct?						
13	CHRISTY STAFFEN: Correct.						
14	TIMOTHY O'BRIEN: So, he's not active today, but						
15	really, we're going to have to look at this case to						
16	determine his permanent licensure status. At what point						
17	would he not be able to renew?						
18	CHRISTY STAFFEN: If you revoke?						
19	TIMOTHY O'BRIEN: No, I understand revocation,						
20	but is there a time period?						
21	CHRISTY STAFFEN: Oh so, they can reinstate an						
22	inactive license.						
23	SCOTT KRUEGER: Within a year.						
24	CHRISTY STAFFEN: There is no time limit. It is						
25	just they have to do 15 hours of education per year, that						

APPR CARE Commission Meeting - October 3, 2023 20

1 they are absent or inactive.

2	TIMOTHY O'BRIEN: Got it. One last logistical					
3	question, and thank you for indulging with President					
4	Wright. Since Witherby has not shown up, and if we're to					
5	choose to accept the factual allegations as true, and he					
6	was to appeal it at a later time, either through the					
7	courts or other items, he would have that avenue, but at					
8	this point, since he is not showing up, we have the option					
9	to just proceed as is, and take action on an absent					
10	respondent, correct?					
11	CHRISTY STAFFEN: Correct.					
12	TIMOTHY O'BRIEN: Alright. President Wright,					
13	that was the clarifications I needed. I defer back to					
14	you, sir, and my apologies for the time.					
15	JOHN WRIGHT: Yeah, no problem.					
16	CHRISTAL KEEGAN: If I may clarify, his license					
17	is closed. He cannot reinstate it.					
18	CHRISTY STAFFEN: Okay.					
19	CHRISTAL KEEGAN: You get one year from your					
20	expiration date to reinstate. His license expired in					
21	2022. He had until March of 2023 to reinstate it, renew					
22	it, pay it up, and he has not, so it is closed.					
23	TIMOTHY O'BRIEN: So he would have to start as a					
24	new applicant, correct?					
25	CHRISTAL KEEGAN: Correct.					

APPR CARE Commission Meeting - October 3, 2023 21

1 JOHN WRIGHT: Do we know if he is licensed in any other jurisdiction? 2

CHRISTY STAFFEN: We do. He is licensed in Florida.

JOHN WRIGHT: So, anything we do here would be reflected and Florida would receive notification of? 6

7 CHRISTY STAFFEN: Yeah, so he would -- we would report the discipline to the ASC, and then through the 8 9 National Registry, they would be notified, if Florida has, 10 there's a thing you can sign up for notifications, which I 11 know they do have, because I have been requested for 12 public documents from them before, and then they can get 13 on our website at any time, and pull the stipulated order.

14 TIMOTHY O'BRIEN: But just to clarify his current 15 status, we wouldn't report to Florida that he just didn't 16 renew. They would be able to see that on a ASC, but that 17 would not be considered discipline.

18

3

4

5

CHRISTAL KEEGAN: Correct.

19 TIMOTHY O'BRIEN: So it would just be like if he 20 moved to Florida and said, I'm never studying, put in the 21 state again because I moved. So really, the point that it 22 appears that we're acting on is, do we move from that 23 closed status to potentially revocation, which would 24 trigger, or discipline there to thus create a notification 25 event across the country.

APPR CARE Commission Meeting - October 3, 2023 22

1

CHRISTAL KEEGAN: Right.

JOHN WRIGHT: Okay. Any other questions before we move forward with a motion? Do I have a motion, or, based on the motion of finding regarding the violations alleged in the complaint.

6 SCOTT KREUGER: We go through first the factual 7 allegations, all as one, and then after that, the 8 violations, all as one, that kind of thing.

9 TIMOTHY O'BRIEN: President Wright, I make a 10 motion to accept the factual allegations as presented in 11 the Case No. 2020-492 AP21.045.S NRED v. Thomas L. 12 Witherby, License No. A.0001528-CR.

JOHN WRIGHT: Do I have a second? JOHN WRIGHT: Do I have a second? SCOTT KRUEGER: President Wright I second. JOHN WRIGHT: Any discussion? So, down here, both of you asked if those shouldn't be read into the record. Was that not what you were saying?

LARRY GANDY: No, no, I was saying, I think, for, well, I didn't say anything, personally, but my personal opinion is, I think that the factual allegations need to be accepted, if they're not in, in contention, and then we go into the allegations, and again, if they're not defended.

24 TIMOTHY O'BRIEN: That was the motion just now, 25 we're accepting all.

FACTUAL BASIS

The denial is based upon the following factual allegations:

On October 10, 2023, the Nevada Commission of Appraisers of Real Estate issued a Findings of Fact, Conclusions of Law and Order, Case Number 2020-492-AP20.045.S against you, Thomas Witherby, alleging failure to include statistical analysis to support the adjustments made in the sales grid within the Appraisal Report or work file, failure to contain documentation to support the \$25,000 adjustment for Comparable #2's upgraded features, failed to use more than one end-unit comparable, failed to provide support for the opinion that seller concessions of 3% or less do not affect pricing and failing to update the boilerplate, failed to report or analyze the publicly recoded prior sale of the property and failure to analyze the previous sale in the Appraisal report. You were ordered to pay \$60,000.00 in fines and \$3,897.22 in investigatory costs for a total of \$63,897.22. Your license was also revoked for failure to file a response to the Findings of Fact.

APPLICABLE STATUTES AND RULES

The denial is also based on the Department's authority and duties under the following statutory and rule provisions:

Section 626.207, Florida Statutes, including but not limited to the following provisions:

FLORIDA DEPARTMENT OF FINANCIAL SERVICES Division of Agent & Agency Services •Bureau of Licensing 200 East Gaines Street • Tallahassee, Florida 32399-0319 Email • AgentLicensing@MyFloridaCFO.com (2) An applicant who has been found guilty of or has pleaded guilty or nolo contendere to any of the following crimes, regardless of adjudication, is permanently barred from licensure under this chapter:

- (a) A felony of the first degree;
- (b) A capital felony;
- (c) A felony involving money laundering;
- (d) A felony embezzlement; or
- (e) A felony directly related to the financial services business.

(3) An applicant who has been found guilty of or has pleaded guilty or nolo contendere to a crime not included in subsection (2), regardless of adjudication, is subject to:

(a) A 15-year disqualifying period for all felonies involving moral turpitude which are not specifically included in the permanent bar contained in subsection (2).

(b) A 7-year disqualifying period for all felonies to which neither the permanent bar in subsection (2) nor the 15-year disqualifying period in paragraph (a) applies. Notwithstanding subsection (4), an applicant who served at least half of the disqualifying period may reapply for a license if, during that time, the applicant has not been found guilty of or has not pleaded guilty or nolo contendere to a crime. The department may issue the applicant a license on a probationary basis for the remainder of the disqualifying period. The applicant's probationary period ends at the end of the disqualifying period.

(c) A 7-year disqualifying period for all misdemeanors directly related to the financial services business.

(4) The department shall adopt rules to administer this section. The rules must provide for additional disqualifying periods due to the commitment of multiple crimes and may include other factors reasonably related to the applicant's criminal history. The rules shall provide for mitigating and aggravating factors. However, mitigation may not result in a period of disqualification of less than 7 years and may not mitigate the disqualifying periods in paragraphs (3)(b) and (c).

(5) For purposes of this section, the disqualifying periods begin upon the applicant's final release from supervision or upon completion of the applicant's criminal sentence. The department may not issue a license to an applicant unless all related fines, court costs and fees, and court-ordered restitution have been paid.

(6) After the disqualifying period has expired, the burden is on the applicant to demonstrate that the applicant has been rehabilitated, does not pose a risk to the insurance-buying public, is fit and trustworthy to engage in the business of insurance pursuant to s. 626.611(1)(g), and is otherwise qualified for licensure.

(7) Notwithstanding subsections (2) and (3), upon a grant of a pardon or the restoration of civil rights pursuant to chapter 940 and s. 8, Art. IV of the State Constitution with respect to a finding of guilt or a plea under subsection (2) or subsection (3), such finding or plea no longer bars or disqualifies the applicant from licensure under this chapter unless the clemency specifically excludes licensure in the financial services business; however, a pardon or restoration of civil rights does not require the department to award such license.

(9) Section <u>112.011</u> does not apply to any applicants for licensure under the Florida Insurance Code, including, but not limited to, agents, agencies, adjusters, adjusting firms, or customer representatives.

Section 626.611, Florida Statutes, including but not limited to the following provisions:

(a) Lack of one or more of the qualifications for the license or appointment as specified in this code.

(n) Having been found guilty of or having pleaded guilty or nolo contendere to a felony or a crime punishable by imprisonment of 1 year or more under the law of the United States of America or of any state thereof or under the law of any other country, without regard to whether a judgment of conviction has been entered by the court having jurisdiction of such cases.

EXPLANATION OF THE ELECTION OF RIGHTS

Please read the Administrative Complaint before choosing one of the three options. The Election of Rights is a **legally binding** document. Consult an attorney or call the Department's attorney named in the cover letter if you do not understand your options.

You can only select **ONE** of the options numbered (1), (2) and (3) on the Election of Rights form. You must sign the form. The form must be **received** by the Department at the address at the bottom of the form within 21 days after the date **you receive** the complaint.

The three options are:

1. Check option (1) if you **do not dispute** any material fact alleged in the Administrative Complaint. You will be given a hearing pursuant to section 120.57(2), Florida Statutes ("informal hearing") and have the opportunity to present written and oral evidence in mitigation at the informal hearing.

2. Check option (2) if you **do dispute** any material fact alleged in the Administrative Complaint. This is considered a petition for an evidentiary administrative hearing ("formal hearing") pursuant to sections 120.569(2)(a) and 120.57(1), Florida Statutes, and requires the Department to send this case to the Division of Administrative Hearings (DOAH) within 15 days of your completed petition requesting a formal hearing. This election is made hy checking the box marked (2) on the Election of Rights. Pursuant to Rule 28-106.201, F.A.C., you must also state which material fact(s) alleged in the Administrative Complaint you dispute. Use the space provided on the form and attach additional pages or use the back of the form if needed.

3. Check option (3) if you **do not dispute** any material fact and waive your right to any form of hearing. This means that the Department will recommend a penalty on the charges set forth in the Administrative Complaint without input from you.

If the Department does not **receive** your Election of Rights within **21** days after you **receive** the Administrative Complaint, this will be considered a waiver of your right to elect any form of hearing and a Final Order may be entered against you imposing a penalty and fines.

You must let the Department know if your mailing address changes.
