The Auditor analyzes association information submitted on forms submitted to the Divison, determines areas of deficiency and subsequently engages the association in an audit. However, an audit may be initiated at the request of the Ombudsman, administrative staff, or investigator. The audit includes a review and analysis of the association's governing documents, financial records, and other records requested, to identify areas of non-compliance. In addition to association audits, the Auditor may also assist the Ombudsman or Compliance section with association financial statement reviews and recommendations based on financial reviews on an as-needed basis.
