I am responding to Case 2024-521

I can not make it to the hearing on November 19th. I am out of state until December and possibly longer.

As to a formal response to the complaint dated October 2nd, 2024: I deny all charges.

I provided the form 546A only a few hours after I was made aware that it was late. I then never received a bill for the \$250. I never received the other documents that were sent by Mr Holle until over a month after he sent them. I'm not sure why. But as soon as I received the mail I called Mr Holle and he said I can't pay the \$250 fine since the AG was handling it. I never EVER said I wouldn't pay the \$250. I have asked many times how to pay it and nobody will give me payment instructions.
